

THIS WEEK

Current Status of our building

THE GOOD NEWS: The Abatement is done and the basement has passed all safety standards and is free and absolutely clear of asbestos. This week all new ceiling tiles will be installed in the nursery and the nursery will be restocked with brand new toys and equipment. The 4 and 5 year classroom has been thoroughly cleaned, but the new ceiling tiles may not yet be installed. Both downstairs bathrooms can now be used.

CHALLENGES STILL REMAIN: This week the Vestry will hear the proposals for a new boiler. We currently have 5 bids all coming in at around \$50,000. We do not yet know what the insurance company will pay toward the new boiler, but we do know that we need to proceed and get a boiler installed. We have great hopes that we will have a boiler by Easter! This means that this coming Sunday we will still need to rely on alternative heat. (The heater for the sanctuary that we used last week actually made the sanctuary very warm!) Also, the gas will not be reconnected to the building until the boiler is installed.

IN THE MEANTIME:

Please pray for TLC! Obviously this is a difficult situation that is stretching us. Pray that progress can be made as quickly as possible. Pray against any more road blocks. Pray that our insurance company will continue to work with us for the best outcome. Pray for a spirit of cooperation among all. Pray against the Evil One using this for his purposes. Pray that we will keep our focus on the meaning of Lent and that this incident will strengthen us as a congregation and draw us closer to God and to one another.

Thank you for your prayers, your understanding, your flexibility, and most of all your love of God and of one another! We will make it through this!
